

"Red Bud equipment and service gives us a competitive advantage our customers prefer."

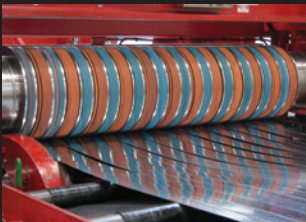

*Rick Bennett, President  
High Steel Service Center LLC*

"**The Dependability Difference**® is High Steel Service Center's commitment to provide value-added services and product innovations to support our customers' success. Red Bud Industries plays a crucial role in meeting that commitment. Our **HIGHSL**® – **Panel Flat that Stays Flat**, 100% stress-free sheet and plate product is produced on a Red Bud Stretcher Leveler. We produce carbon, stainless, and aluminum leveled sheet and plate, multi-cut precision blanks, and slit coil – all on Red Bud equipment. Red Bud accuracy, reliability, and automation helps us deliver the highest quality material, on time, to keep our customers competitive."

SLITTING

The industry's most efficient  
Slitter for material up to .500".

BLANKING

The leader in close tolerance  
blanking – over 500 systems.

CTL PLATE

Produce higher tons per hour  
for material up to .750" x 96".

LEVELING

Our Stretcher Levelers beat  
temper mills for flatness.

**COMPLETE  
COIL PROCESSING  
SOLUTIONS**
