

1/2" Stretcher Leveler

We Are Very Happy with Our Decision

Marius Bezuidenhout

SERVICE CENTRES SA
Wadeville, South Africa

"We wanted to buy a Stretcher in order to improve our market share and differentiate our products from the rest of the market. We knew it would allow us to achieve unsurpassed flatness and eliminate spring back. After looking at a number of different manufacturers, we decided to go with Red Bud. They already had a lot of experience with stretcher leveling and had a proven track record.

Now that the Stretcher is in operation, we are very happy with our decision. Our clients have reacted very well to the product we are able to produce. Our volumes have definitely increased. What stood out to us was Red Bud's total commitment to our satisfaction and the responsiveness of their team. Our experience with Red Bud was very good. They produce a quality machine and stand behind their products."
