"Building World Class Equipment for a Global Economy"

Follow Us:

"The new line really gives us an edge, our customers love the product!"

We already had two Red Bud Stretchers at our Dodge Center facility so our customers were used to getting stretcher leveled material. So when we decided to get our own line, Red Bud was the obvious choice. We are very pleased with the new line, it has given us a real edge in our market. Our customers really appreciate the great quality and the flat product the line produces. With Red Bud, you don't get any surprises, they do what they say. It's quality equipment, great stuff!
